# WHO IS RCB?

Established in 1998, Meng Kah Auto Parts Trading Sdn. Bhd. speedily grew into a leading importer and distributor of high-quality aftermarket motorcycle parts. Recognising the demand for stylish products, we created the renowned "Racing Boy" brand, which was rebranded to "RCB" as an international brand that offers full range of top-notch parts and accessories worldwide.

With our own R&D centres and technical partnership with race teams in MotoGP™, FIM Asia Road Racing Championship, Malaysian Cub Prix Championship and MiniGP Malaysia, we strive to offer exceptional products and services to the global market.

Over the years, RCB has received numerous prestigious awards, namely "Super Golden Product" in "Motorcycle Rims" category in the 2nd Annual Asia Success Award, and "11th Asia Pacific Top Excellence Brand" by the Asia Pacific Entrepreneur Alliance, which was published in Global Business Magazine.

MotoGP™

RCB has grown rapidly over the years to become a leading and trustworthy brand with a huge followers in Asia and Europe for our innovative design and development of motorcycle CNC parts, wheels, suspension and accessories that are derived from various partnerships with race teams throughout the years.

The brand supports and sponsors both national and international events and race teams throughout the globe in order to give back to the motorcycling community while also nurturing and supporting future generations of motorcycle enthusiasts and racers.

The passionate team at RCB studies, learns, and further develops new cutting-edge technologies which are widely used in racing from National and South East Asian championships to the premier MotoGP™ World Championship.

The technology and learnings from competitive racing are then transferred to their variety of products created for the consumer market.

UMA Racing Sdn. Bhd. is a Malaysian company founded in 2002 as a joint venture between Meng Kah Auto Parts Trading Sdn. Bhd. and Maju Motor Racing. They specialize in high-performance motorcycle parts with a focus on "Horse Power," represented by their prancing horse logo.

UMA Racing, the renowned brand, emerged from the dynamic motorsport arena, driven by a profound vision to foster the growth of Malaysian riders and propel them onto the illustrious global racing platform, MotoGP™. At the helm of this visionary endeavor stands Yong Yin Hoe, the esteemed co-founder of UMA Racing and proprietor of Maju Motor Racing, whose enduring passion and unwavering dedication to the motorsport realm have been evident throughout. Leveraging from his racing days experience, impeccable instincts, and profound engineering acumen, Yong Yin Hoe has paved an illustrious path for UMA Racing's innovative product research and development, positioning them as a preeminent force that excels both on and off the racing circuit.

Ever since its establishment in 1996, Maju Motor Racing has garnered remarkable achievements. Securing over 6 championships on the international racing stage, and an exemplary record of over 15 championships in Malaysia's esteemed racing championship, PETRONAS Malaysian Cub Prix, which stands as one of the foremost and premier championship leagues within the region. As a direct outcome of this distinguished track record, UMA Racing has consistently emerged as the favored and esteemed brand, deeply trusted and preferred by motorcycle enthusiasts and professional racers across the globe.
